Banff Centre Mountain Film Festival World Tour was born from Banff Centre Mountain Film and Book Festival. In 1979, a tight-knit group of climbers and outdoor enthusiasts conceived The Banff Festival of Mountaineering Films. This was a one-day gathering that became the renown international Festival it is today.

Over 30 years ago, Banff Centre Mountain Film Festival began an outreach program to bring the Festival to other communities. This has become known as Banff Centre Mountain Film Festival World Tour.

Thank you for being here tonight - let's come together to celebrate the spirit of adventure with Banff Centre Mountain Film Festival World Tour!

All proceeds from this event go towards our cause advocating for clean air, pure water, and healthy lands and wildlife – the foundations of resilient communities, ecosystems, and economies in the San Juan Basin.

This year, we celebrated 37 years of working locally to protect the air, water, land and wildlife of this area we all call home. We watchdog, we advocate, and we respond to both local and national decisions that threaten the integrity and resilience of this spectacular corner of the world.
